

ONLINE TRAINING

# Exaquantum Advanced Users

ONLINE TRAINING COURSE

## Course Objectives

This course extends the skills of a user who has already attended either the Desktop Users or Web Users Course. It is designed to cover Excel report creation and deployment. This will include deploying reports for access by Web Clients. Although only available to Desktop Users this course will also cover the OLEDB Query Wizard.

### Prerequisite Knowledge

It assumes that the user has already attended the Exaquantum Desktop Client Users Course (NTPP901) and Exaquantum Web Client Users Course (NTPP902).

### Who Should Attend

This course is designed for anyone who wishes to increase their knowledge of the features provided by the Exaquantum Excel Add-ins.

### Program

- Creating and deploying reports using Exaquantum/Explorer Excel Add-In.
- Using the OLEDB Query Wizard in Excel and other third party applications.

**Duration: 12 Hours**
