

ONLINE TRAINING

Desktop Graphics Designers

ONLINE TRAINING COURSE

Course Objectives

This course builds on the information provided in the Desktop Users Course to provide the student with the skills to create Exaquantum/Explorer Graphics for deployment using the Secure Workbook mechanism or standalone file server.

Prerequisite Knowledge

All attendees will already have attended the Exaquantum Desktop Client Users Course (NTPP901).

Who Should Attend

This course is designed for anyone who needs to create graphics and process mimics for desktop deployment.

Program

- Exaquantum/Explorer terminology
- The Exaquantum/Explorer interface
- Adding and configuring controls to an Exaquantum/Explorer document
- Using ActiveX Controls in Exaquantum/Explorer documents
- Working with workbooks
- Configuring data bound properties and event handlers
- Writing data back to the server from Exaquantum/Explorer documents
- Converting CENTUM VP and CENTUM CS3000 graphics

Duration: 24 Hours
