## Daniel Tompkins

IT Engineer

Yokogawa Marex

**An IT jack of all trades!**

# Introducing Daniel Tompkins

**Job Title:** IT Engineer

Yokogawa Marex Office - Cowes

---

**When did you join Yokogawa Marex?**

September, 2008

---

**What are you responsible for?**

IT System management, maintenance and design – basically anything & everything involved in providing YMX with the IT systems that it needs to operate.

---

**Describe yourself in three words:**

Thorough, Patient, Stubborn

## Secret talent no one knows about?

I don't really have a secret talent, I suppose I don't tend to tell many people but I'm a pretty good 28-32mm scale miniature painter – I've won local competitions occasionally and friends will ask me to paint stuff for them from time to time.

---

## Favourite childhood movie?

I have more memories of TV from my childhood, things like Knight Rider, Airwolf and the A-Team were some of my favourites.

---

## What was the first thing you bought with your own money?

The first significant thing I bought was my first ever PC. I saved up for year to buy an AMD K62-550 based system (256MB RAM, 20GB hard disk and an 8MB ATI graphics card!)
